# MUNICIPAL DEVELOPMENT PLAN AND LAND USE BYLAW UPDATE

## Youth Drawing Contest

### Join the Conversation!

The Town of Athabasca is completing a targeted update of its Municipal Development Plan (MDP) and Land Use Bylaw (LUB). The MDP guides community growth, development, and infrastructure needs, and includes objectives and policies to link the physical and social development of the community. The LUB regulates community development by organizing the town into districts and identifying how land and buildings within each district may be used.

The current MDP and LUB were adopted in 2010, and updates to some sections are needed to make sure they address community needs now and into the future.

We want to know what you love about the community or how you envision it in the future!

Draw a picture below and drop it off or mail it to the Town Office. Your drawing could be included in the updated MDP or on the project website!

To learn more about the project, visit: [athabasca.ca/p/mdp-lub](https://athabasca.ca/p/mdp-lub)

In the space below, **DRAW** a place or thing you love about the community or something you want the community to have in the future (e.g., places to live, hang out, work, etc.).

Return by **October 15, 2024** to:  
Town of Athabasca
